## Our Manual in the Making

A few weeks ago, I saw my neighbor attempting to unload a very large box from the back of his car. I went over to help. He said it was a new television and together we brought it into his house. We were talking as he unpacked his way through the styrofoam, tape, and other materials until he came to the actual television **and** the instruction manual that was 74 pages long. Would you believe that my neighbor was more animated about the length of the instruction manual than the size of the television screen? "It's just a television," he said. "I don't want to do all this (pointing to the manual). I just want it to work well."

Actually, most things we buy, from appliances to phones, smart or not so smart, to cars, come with a manual that includes operating instructions, a warranty, a schedule of maintenance, and some kind of way to, "troubleshoot." On the other hand, perhaps our most precious things, our intimate relationships, don't come with any kind of manual, certainly don't have a warranty or any schedule of maintenance, and have no information about how to troubleshoot. And yet, in the words of my neighbor, we just, "want it to work well."

So where do we go for instructions or guidance about how to flourish with our spouses, partners, siblings, friends, or colleagues? How do we care for and maintain our relationships, and deal with troublesome moments? It probably would not surprise you that Judaism has much to say about all of these aspects of our relationships, and while there is no manual, per se, there is an abundance of practical wisdom from our tradition.

With much anticipation, I invite you to attend the May CRC University Series, "Strengthening Our Partnerships – A Jewish View of Intimate Relationships." Through texts, music, chant, dialogue, and practices from contemporary psychology, we will explore what Judaism says about relationships – how we form them, nourish them, and celebrate them. We will learn ways to appreciate, to navigate, and to work through differences, and how to unlock the wisdom that every couple possesses.

The class is designed for adult couples (married, sacred partners, siblings, colleagues, friends, and not for parent/child couples since this involves different dynamics). Couples are strongly encouraged to attend the class together, however, in the event that your partner is unavailable for part of the class, one partner may attend without the other.

We will meet Tuesdays, May 7, 14, 21, 28, 7:00 – 8:30 pm at CRC.

The second class, May 14 is our CRC Shavuot service. We will explore lovingkindness, loyalty, and other wisdom from the Book of Ruth, which is traditionally read on Shavuot. If you have any questions, feel free to contact me at CRC (314) 361-1564 ext. 355. I look forward to our journey together. May our voices add to the emerging Torah of couples – our manual in the making.

**Can You Help With Mitzvah Projects?**

**Isabel Alter:** Here in St. Louis solving the hunger problem remains a constant struggle. Her mitzvah project is focused on raising food and funds for the Harvey Kornblum Food Pantry. You can help Isabel by bringing in healthy packaged foods to CRC on the morning of her bat mitzvah (Saturday, June 1). Besides matching all food donations she will donate proceeds from gifts she receives and give it directly to the food pantry. Together we can make a difference.

**Max Maier:** Max is collecting and sorting books to give away to various groups, particularly new or gently used beginning reading books for Ready Readers. If you have books to donate please bring them to CRC and leave them in the clear plastic bins marked 'Ready Readers'. This drive will go on for several months and he will be sorting books weekly.

### Join us for St. Louis Pride Fest – Volunteers and Parade Marchers Needed!

Central Reform Congregation will be joining with other St. Louis Jewish organizations and congregations to participate in St. Louis Pride Fest this year.

June is Pride Month for the lesbian, gay, bisexual, and transgender (LGBT) community. During the last weekend in June, the community comes together for Pride Fest, a festival being held downtown at Soldier's Memorial this year, with a parade on Sunday. This

year's theme is "Celebrate the Past to Awaken the Future".

#### Volunteers Needed!

Here's How You Can Help:

- 1. Walk in the Parade.** Join us in the St. Louis Pride Parade on Sunday, June 30. We'll walk together under a giant rainbow huppah to demonstrate that our tents and communities are open wide to all who wish to join us. To sign up, contact Michelle Shanker at shanker.michelle@gmail.com or Rick Isserman at richardisserman@yahoo.com.
- 2. Staff the Jewish Communities Booth at Pride Fest!** We need people to staff the booth on Saturday

and Sunday. We'll have information about Jewish organizations, including CRC, where members of the LGBT community can find a welcoming environment. We will have supplies to make bracelets that celebrate the diversity of our community. We need volunteers for two-hour shifts between 11:00 a.m. and 8:00 p.m. Saturday and Sunday.

If you can volunteer, please contact Michelle Shanker at shanker.michelle@gmail.com or Rick Isserman at richardisserman@yahoo.com.

This year's Pride Fest will be bigger and better than ever! Join us to show the St. Louis community that CRC is PROUD of our commitment to diversity and inclusion.

### Rally and March with St. Louis Fast Food Workers

**Thursday, May 9, 4:15pm**  
Delmar Blvd and Kingsland Ave (in the Loop), U City

Hundreds of Chicago's fast food and retail workers walked off the job to demand a livable wage of \$15 an hour. They've had enough of struggling to survive while their employers make huge profits. They've had enough of trying to support their families making minimum wage, or barely more.

These courageous workers are risking their jobs and their livelihoods to demand the respect and dignity – and fair wage – that all workers deserve. And the truth is, fast food workers right here in St. Louis deserve the same.

That's why we hope you'll join Missouri Jobs with Justice for a special rally and march on Thursday, May 9.

Fast food workers, most of whom are adults with a family to support, simply can't survive on \$7.35 an hour. They don't make enough to cover basic needs – like food, health care, rent, and transportation. What's worse, many workers are kept from working full-time so that their employers don't have to cover their health care. It's a shame that we let this happen here in St. Louis. And it has to stop.

Sign up information will be in the May 2 e-announcements.

### A Chance to Update your Children's Files!

The last days of religious school are Saturday, May 4 and Wednesday, May 8. What a year it has been! We are now the second largest Jewish school in St. Louis. Three hundred and thirteen kids are enrolled.

Pre-Kg through 2nd	99
3rd through 6th	132
Teen programs	88

Our faculty, which includes all of our rabbis, is adult, diverse, committed, and creative. We do not use canned curriculum. Instead, within a framework, teachers create classes that have meaning for them and their students. And in Hebrew, the ratio of student to teacher is less than 5 to 1.

What is most important, school feels "good". Come visit any time. You will see happy kids and teachers working together in a community.

As the year ends, we want to take time to thank you for entrusting your children to us. They are our treasures.

We are already preparing for next year and you can help. Every applicable household will receive a registration form for each child. This form is pre-printed with the information we have in our CRC databases. Please check to see that the data is complete and correct. If there are changes, make them on the form and send them in. We ask you to do this even if your child is not going to enroll for a class. Any changes you make will be shared with the entire office. Please take this opportunity to update your information.

Thank you and see you in the Fall!

**Health Care Forum: Insurance Company Accountability**
**Wednesday, May 15, 7:00 pm at CRC**

Join Missouri Foundation for Health and CRC for one of a series of forums which Wendell Potter, along with two of his colleagues will educate opinion leaders, advocates, and the public at large about what is at stake this year and how to hold private insurance companies accountable.

Because the Affordable Care Act increases access to affordable, quality health coverage, by working to ensure ACA consumer protections remain in full force—despite industry opposition—the event will help contribute to goal of achieving quality, affordable health coverage for all Missourians.

Health insurance companies continue to engage in often deceptive practices to weaken or abolish many of the vital consumer protections in the Affordable Care Act. The industry's attempts to accomplish this include:

- *Making coverage for older Americans considerably more expensive by changing the age rating band for determining premiums from 3-1 to 5-1*
- *Diluting Essential Health Benefits so insurance companies can continue selling what many consumer advocates call junk insurance: policies with extremely limited benefits and excessively high deductibles*
- *Getting Congress to repeal the fee insurance companies will pay on certain health plans starting in 2014, thereby eliminating funds for the ACA affordability tax credits*
- *Rigging the marketplace so they will be able to continue "cherry picking" the youngest and healthiest individuals outside the state's Exchange (the online insurance marketplace mandated by the ACA), thereby increasing costs for*

*those who buy coverage through this new marketplace*

If these efforts succeed, many Missourians will be forced to purchase inadequate, unaffordable health insurance, or pay a fine for being uninsured. If this happens, a backlash will inevitably develop, the credibility of reform supporters will be destroyed, and momentum to dismantle the ACA will build.

Join Wendell Potter and his colleagues for an evening of important learning.

**About the Speaker**

Following a twenty-year career as a corporate public relations executive, Wendell left his position as head of communications for CIGNA, one of the nation's largest health insurers, to help socially responsible organizations—including those advocating for meaningful health care reform—achieve their goals.

In widely covered testimony before the Senate Commerce, Science and Technology Committee in June of 2009, Wendell disclosed how insurance companies, as part of their efforts to boost profits, have engaged in practices that have resulted in millions of Americans being forced into the ranks of the uninsured. Wendell also described how the insurance industry has developed and implemented strategic communications plans, based on deceptive public relations, advertising and lobbying efforts, to defeat reform initiatives.

Since then Wendell has testified before two House committees, briefed several members of Congress and their staffs, appeared with members of Congress at several press conferences, spoken at more than 100 public forums, and has been the subject of numerous articles in the U.S. and foreign media.

Many of us have switched to compact fluorescent bulbs (CFLs) in an effort to save energy. But despite their positive impact on the environment in terms of energy savings, you may not realize that CFLs contain small amounts of mercury. So in order to make your CFLs even more environmentally friendly, don't throw them in the trash. Instead, recycle them. Many local hardware stores, as well as national chains like Home Depot, will collect these bulbs and the mercury will be recaptured.

**A Note from the GreenFaith Committee**

Did you know that you can buy Fair Trade coffee for your K-cup coffee maker? Keurig offers several brands of both regular and decaf Fair Trade coffee for single serve coffee makers. The CRC offices uses Green Mountain Fair Trade Select and Newman's Own Fair Trade Organic decaf. Fair Trade coffee offers the chance to make a real difference in the lives of coffee farmers around the world. Because farmers get a fair price for their crop, they are better able to take care of their land, their families, and themselves.

**Social Responsibility Preview of Coming Attractions**

**MAY - HateBreakers** - Our member, Susan Block, will present a learning for the Social Responsibility Shabbat on May 3. Hate Breakers is a student group that started at Ladue High School after racial tensions became a problem. This organization promotes "hitting the brakes" on hate and encourages followers to speak out and take action when they see hate. Come hear about their success story in breaking the cycle of bullying.

**JUNE - PrideFest** - PrideFest is June 29 and 30 this year. It will be held in downtown St. Louis, at Soldier's Memorial, for the first time. We will march with others under the Jewish Communities banner and help to staff the Jewish Communities' booth. This year's theme is "Celebrate the Past to Awaken the Future".

**Yiskor**

**Thursday, May 16, 8:00 am**

Yiskor is a memorial service based on our belief in the eternity of the soul. Although a soul can no longer do good deeds after death, it can gain merit through the charity and good deeds of the living.

Come and remember your loved ones alive only in our memories and their good deeds on earth.
