This is Personal

by Rabbi Susan

The holy days come whether or not we are ready.

The moon of Elul is almost full as I write this. Bright enough to shine a light on the truth that there is much at stake for this new year of 5777. I have never felt the convergence of the personal and the political as deeply. The gun laws recently passed in our Missouri legislature have made us a "stand your ground" state where someone with a concealed weapon obtained without a background check or training has been given the permission to shoot to kill if they feel threatened with little accountability. This is the law that allowed George Zimmerman to go free when he shot Trayvon Martin, a black kid in a hoodie with a bag of skittles. We and our loved ones are all less safe on our streets: this is personal.

Our legislature also passed a bill that will require state authorized ID for voting. Our supreme court already said that it is unconstitutional to impede the right to vote so our representatives are trying to amend the constitution. Unless we all vote no on Amendment 2, many of our elders, our poor, and our marginalized will not be able to vote. This is not a democracy unless everyone has a voice and a vote: this is personal.

The two Tobacco Tax bills are also sneaky ways that big business is undermining the common good. With one of the lowest tax rates in the nation an increase would be a good way to decrease deadly smoking and raise revenue, but both of these bills are not what they seem and the one that claims to be for kids has inserted language that will have a chilling effect on stem cell research and the investment in lifesaving cures in our Missouri institutions. Big tobacco is just trying to squeeze little tobacco out and neither bill will save lives or serve the people of Missouri. This is very personal.

The moral agenda of the Moral Monday Movement, the New Bottom Line of the Organization of Spiritual Progressives and the platforms that are part of the Movement to Make Black Lives Matter, calls for us to put people before profits. Many are rising up to say that our self-interest **is** the common good.

This is nothing new for us. Each year the liturgy and learning that fills our holy days call us to set a moral agenda for ourselves, our community, and for the sustainability of our planet. Each year we are called to be better and wiser and to learn from the mistakes of the past, ask for forgiveness, and vow to do better.

I keep hearing people quote the Declaration of Independence. "We hold these truths to be self-evident that all men are created equal." They often substitute "people" for "men." But our founders meant "men" and not only "men," but white men who owned property. We had to fight to grow our vision of democracy and equality as we have tried to reflect the truth of Torah that teaches that we are all made in the image of God. It's true that the stories of Torah are also far from perfect, far from the ideal world where everyone is seen with infinite equal worth and where we level the playing field for all. But they also carry the promise that we can learn from our struggle to interpret their challenges.

So, ready or not, the holy days will come to inspire us to believe that we can still make it better this year than we did last year. And that as that new moon of Tishrei begins to grow, by the full moon of Sukkot it will shine a light on something new in the world that grows our ability to serve all creation in healing ways and our hope that 5777 will be a good year, a healthy year, and a year that brings us all closer to peace.

Love,
Susan

CRC Starting Points

To our beautiful CRC Community:

During my time at CRC, I have had the privilege of getting to know many of you. One of my favorite parts of working here is listening. I am honored that many of you have had the trust to share personal worries, hopes, and dreams as you navigate life.

Part of what I have been fortunate to hear about is your relationships with CRC. Not one story is exactly like the next. Yet, there are often common threads in these sacred conversations... I love CRC but I want to connect with more people. I attend services, but it is hard to meet people that way. I do not even know where to start.

When I began to hear I do not know where to start more than once, I knew immediately that we need to do more to offer easier ways to meet others in the community. No matter how long you have called CRC your Jewish home, we always want you to feel that there are ways to easily start - or start over.

With this in mind, we have constructed a fun, laid-back series of events called Starting Point Events. Starting Point Events are for people who are just getting started in our community or want to reconnect. These programs are fun, welcoming, and the perfect opportunity to connect with a group of other members looking to get involved. The only requirements are to come as you are, with an open mind, and introduce yourself to at least one person that you have not met before.

Every single Starting Point event may not appeal to every single member, but I hope that it is a healthy start. Please peruse the opportunities on the following page. Come to as many as you like. And, if you have suggestions for further Starting Point events, please do not hesitate to contact me.

With love and excitement for the connections that are yet to be,
Jen Fishering

Director of Programming and Rabbinic Assistant

2016/5777 SIMCHAT TORAH CELEBRATION AND CONSECRATION

Saturday, October 22, 10:00 am

As we come to the end of our yearly Torah cycle and prepare to begin again, please join us as we unroll the Torah and celebrate! Everyone is welcome to participate in the unrolling of the Torah, and many children (and adults!) enjoy sitting in the aisle and watching the Torah roll over their heads. As part of our celebration, we will also formally welcome our Kindergartners and new students to the CRC Religious School community in a ceremony where they receive their very own Torah scroll.

We are also excited to announce that the service will once again feature a performance by the band Klezundheit!, which has performed at CRC for every Simchat Torah since 1999. Klezundheit! has also performed on KFUD's radio show "Live from the Garden" and has played concerts and church services at various locations around St. Louis, most memorably a Lutheran Mass with all Klezmer music. Klezundheit! is directed by Bob Herman, and features Paul Wexler on clarinet, Tom Bruce on trumpet, Paul Huppert on violin, Bob Miller on trombone and Leon Burke, vocals.

YIZKOR SERVICE

Monday, October 24, 8:00 am

Yizkor services, held four times a year, are a time to offer prayers for our dearly departed and renew our connections with them. Join us on Monday the 24th for an intimate remembrance service with opportunities to share stories about loved ones and recall the blessings of their memory.

BE A MENSCH MAKER!

Saturday, October 1, 12:30 - 1:45 pm

You may have heard the saying that magic happens when our children accept the responsibilities of Tikkun Olam. While that may seem like a hefty task for our little ones, we truly believe that if families work together, that magic will manifest itself into something beautiful. We are excited to continue our Mensch Makers program this year and welcome all our families with young children to join us. We are also looking for parents who are willing to act as coordinators and champions for each event.

On Saturday, October 1 we will be "Spreading Sweetness this New Year" by creating beautiful Rosh Hashanah and Sukkot gift bags filled with sweets, activities, and personal touches for Jewish

seniors who live in non-Jewish nursing homes. Alison Edler, one of our Mensch Maker parents, will be helping out with the event.

If your children are in Shabbat school, plan to bring brown bag lunches and we can eat together and visit from 12-12:30 in the multi-purpose room before Mensch Makers begins. We look forward to seeing you there!

If you are interested in getting involved with Mensch Makers or have questions about the October program, contact Amy Gage at 314-406-0970 or amygage@stanfordalumni.org.

CALLING ALL NEW PARENTS – PLAYGROUPS FORMING NOW!

Did you recently have a baby or grandbaby? Do you want to connect with other CRC parents with babies of a similar age? Families with babies/ young toddlers are invited to join one of our newly forming playgroups that are arranged with age, and other factors in mind, such as working parents, first or second-time parents, etc. CRC playgroups are going to be a great way to connect and meet new friends. Once we begin to hear from more parents, CRC space will be available at various set times as a meeting place.

If you are interested in joining a newly forming playgroup, please contact Jennifer Fishing, Director of Programming and Rabbinic Assistant at jen@centralreform.org or 314-361-1564, ext. 101 with the following information: your name(s), your child(ren)'s name(s), age(s) of child(ren), and your meeting availability (please include dates and times). Please also let us know if you would like to meet weekly, bi-weekly, monthly, or another frequency.

If you are newly pregnant and planning ahead, feel free to send in the information to the best of your ability and include your expected due date. We look forward to meeting, reconnecting, or getting to know your family better!

Maggie's Corner...

NEW HEBREW 101

We will be starting a new Hebrew 101 class in the Fall, where we will learn the alphabet and how to read some beginning words. You will be amazed at how much you will understand! If you are interested in attending, please RSVP to Maggie at maggie@centralreform.org. We will reach out to you once we are ready to begin! The cost for the 12-week class is \$36, which includes the book.

FRIDAY TANAKH STUDY - JUDGES

Fridays, 1:45 - 3:15 pm

We're starting the First Book of Samuel! As usual, there will be a lot of discussion that takes us down many interesting and fun roads. According to Talmud, the author is Samuel himself. The Book is part of the early prophets and a continuation of Joshua and Judges, and then on to Kings. All are considered prophetic books. This is a great time to jump in!

Please feel welcome to join our study and journey. We promise we will catch you up! No need to RSVP-- you are always welcome.

UDGY POTLUCK NON-BOOK CLUB

We will meet every other month on the first Monday (December 5/February 6/April 3/June 5).

Our December book is The Ghost of Hannah Mendes by Naomi Regan.

Please bring book suggestions for February!

MISSOURI BALLOT MEASURES, NOVEMBER 2016

At CRC we are often asked about our stance on important issues, including the ones that Rabbi Susan refers to in her letter on the Memo cover. Because of our non-profit status, we can never endorse candidates, but we can discuss issues that are important to us. Below we highlight some of the Constitutional Amendments that will be on the Missouri ballot in November.

Constitutional Amendment 6: Voter ID Requirement

This controversial Amendment seeks to reinstate the requirement that voters show government issued photo identification at the polls. Missouri passed a similar law 10 years ago, but it was tossed out by the state Supreme Court ruling it "a heavy and substantial burden." This Amendment weakens the voting protections in the Missouri Constitution. It limits the forms of acceptable ID and will not allow a college ID, driver's license from another state, an expired ID, voter registration card, or utility bill to effectively verify a voter's identity. This Amendment targets minority populations in our state, and may affect 220,000 registered Missouri voters who may have trouble casting a ballot if this law is passed.

Constitutional Amendment 3: 60 Cent Cigarette Tax (Cigarette Tax #1) + Proposition A: 23 Cent Cigarette Tax (Cigarette Tax #2)

The current tax on a pack of 20 cigarettes is 17 cents. **Amendment 3** is designed to increase the cigarette tax to 77 cents by 2020 in 15 cent increments each year. In addition to the cigarette tax, the measure would also impose a fee on wholesalers of 67 cents per pack on cigarettes produced by a "non-participating manufacturer," as defined by the State of Missouri. At least 75 percent of the revenue generated from these taxes would be devoted to increasing access to early childhood education programs. **This ballot initiative has inserted language with a legal effect of creating a conflict with our Constitution's unambiguous position on stem cell research aimed at creating a chilling effect on research.** This legislation could lead to destabilization in the science-friendly environment St. Louis has cultivated since 2006 with efforts and funding for venture capital, innovative districts, investable startups, accelerators and incubators aimed at leading scientific research in health and medicine.

Amendment 3 is competing against **Proposition A**, which would increase cigarette tax 2 cents every two years until 2021, when the total tax would reach 23 cents. It would also tax non-cigarette tobacco products 5 percent of the manufacturer's invoice price, paid by the seller. Tax revenue would be used to fund transportation infrastructure projects. If both measures pass, the measure with the most affirmative votes becomes law. The coalition of medical groups publicly opposing these initiatives (including American Cancer Society, Campaign for Tobacco-Free Kids, Missouri Family Network, and Washington University in St. Louis) also mention that it is deceitful for the tobacco industry to support two **insufficient** tobacco tax proposals in our state under the guise of concern about education and transportation funding. A meaningful tobacco tax increase, of \$1.00 per pack or more, has been proven to be an effective way to reduce tobacco use, cut healthcare costs, and generate state revenue. This small proposed increase to the tobacco tax will generate new revenue, but will not keep kids from becoming addicted to cigarettes or help adults quit.

Constitutional Amendment 1: Sales Tax for Parks and Conservation

This Amendment would renew the state's soil and water conservation tax. Revenue from the 1/10th-cent sales tax generates around \$90 million a year and is used to fund Missouri's state park system and historic sites, as well as soil and water conservation efforts. If Amendment 1 passes, the tax would be levied for another 10 years, as designated in the original amendment. This tax is for a project known as "Design," which over the past 25 years has expanded the traditional concepts of conservation to include protection of endangered species and habitats. In the past it has included more educational programs, more emphasis on outdoor ethics, and increased opportunities for a vast array of outdoor recreation.

Constitutional Amendment 2: State and Judicial Campaign Contribution Limits

This Amendment asks for limits to be imposed on campaign finances aimed at controlling political candidates and party campaigns. The measure would cap donations to candidates at \$2,600 per election and to political parties at \$25,000. For example, anyone running for a state office, such as governor, attorney general or the legislature, could not receive more than \$2,600 total from the same donor during an individual election. The initiative also would impose other campaign finance restrictions aimed at preventing political committees from obscuring the source of their money. Amendment 2 would also ban some companies, namely banks and rural electric cooperatives, from making campaign donations.

For more information or to get involved, contact our Director of Advocacy, Shira Berkowitz, at 314-361-1564, ext. 117 or shira@centralreform.org.

WHY MAKE A TRIBUTE TO CRC?

All significant institutions of culture and learning like CRC require supplemental operating funds, and we are not exempt from these fiscal realities. Inspiring worship led by devoted clergy; educational programs for tots, children, teens and adults; as well as cultural and social action offerings; and the preservation of our Sukkat Shalom, all depend on the support of caring individuals. Each gift to CRC, no matter the size, makes possible all that we do today and prepares us for an ever more promising tomorrow.

LANGSTON MIDDLE SCHOOL WINTER CLOTHING DRIVE

Our new partnership with Langston Middle School began this past August. We are collaborating with Karen Hylton from St. Louis Public Schools and the SLPS faith-based initiative program to determine the most effective and sustainable ways to enrich this community partnership. The purpose of the Faith-Based Initiative (FBI) is to partner Saint Louis Public Schools with congregations of faith in order to strengthen the linkage between schools and community, promote academic achievement, and provide positive role models for students in the Saint Louis area. This winter, Langston's 230 students are in need of the following items. We ask that donated items be in new or VERY gently used, clean condition:

- Winter jackets and coats (boy's size 14 through men's size XXL; girl's size 12 through women's size L)
- Winter hats and gloves

As part of our partnership with Langston, we also aspire to get our members into the school to work directly with students. Our member Pat Simons will be overseeing this aspect of our involvement with Langston. If you would like to tutor or read with a Langston student on Tuesdays or Thursdays, share an area of expertise with a class on a one-time visit, serve as a Big Brother/Big Sister, or become involved with Langston in any other way, please contact Pat Simons at patsimons1@gmail.com or 314-993-9225.
